## **William Jacob Management Announces Michael Hutto as Vice President, Structural Engineering and Design**

Houston, TX – February 11, 2014 – William Jacob Management, Inc. announced today that Michael Hutto has joined the company to take on the role of Vice President, Structural Engineering and Design.

Mr. Hutto brings his vast experience to William Jacob Management after spending the last nine years as the Manager of Engineering for QCI Marine Offshore LLC. Mike managed engineering for numerous projects for clients such as Noble Drilling, Nabors Drilling, Petrobras, Global Santa Fe and others. He worked with William Jacob Management on the *Peregrino* project for Statoil when QCI executed the redesign of the two living quarters modules. Mike has considerable international experience and also will bring experience on arctic projects to William Jacob Management. Mike will report to President and Owner, Michael Duffy, and will be focused on working closely with the structural management team to grow and improve our structural engineering and design capabilities for future projects. Mike has a BA from Mississippi State University in Architecture.

“Mike’s wealth of experience makes him an ideal fit for executing our projects through innovative design and structural expertise,” said Michael Duffy, President and Owner. “I am confident that Mike will be instrumental in William Jacob Management’s continued growth, both locally and internationally.”
